## FUN / RA Training Launches Inaugural Class for Marginalized Communities: Survive Active Violence Events

Manassas, VA – July 25, 2025

Folx United Now / Reaction & Assistance Training (FUN/RA Training) is proud to announce the launch of our inaugural training classes, Stop the Bleed & VA Firearms Safety Class. This milestone marks the realization of our Board of Directors' vision to establish an organization that specifically caters to the needs of communities often overlooked by conventional training organizations. The classes will be held on Saturday, August 12, 2023, in Prince William County and Saturday, September 23, 2023, in Fairfax. Visit our calendar for all the details: <https://funra.org/calendar/>

FUN/RA Training is determined to offer free/low-cost training to people, particularly those from marginalized communities, empowering them with the essential skills to Survive Active Violence Events (SAVE!). The uniqueness of our curriculum lies in its comprehensive approach, incorporating evasion techniques, trauma first aid, and defensive firearms use. Our goal is to equip individuals with the knowledge and skills necessary to manage these harrowing situations effectively.

The Stop the Bleed & VA Firearms Safety Class is the first step in achieving this mission. This class aims to provide participants with a basic understanding of how to respond to administer emergency/trauma first aid and safely handle firearms. The training is designed for individuals from diverse backgrounds, with a special emphasis on LGBTQ+ and BIPOC communities.

We are steadfast in our commitment to serve these often underrepresented groups, who can greatly benefit from such skills. At FUN/RA Training, we firmly believe that everyone has the right to feel safe and equipped to handle emergencies, regardless of their identity or background.

Our mantra, "SAVE! Yourself & Others," underlines the importance of personal and community safety. Participants can choose to undergo training for individual courses or enroll in our comprehensive SAVE! Program.

We look forward to welcoming participants to our inaugural Stop the Bleed & VA Firearms Safety Class. Through this and future courses, we aim to break down barriers and make safety and survival training accessible to all.

For more information about our courses and mission, please visit our website at <https://funra.org>.

About FUN/RA Training: They are a pioneering 501(c)3 Nonprofit organization dedicated to providing safety training to marginalized communities offering a unique curriculum designed to equip individuals with the skills to Survive Active Violence Events (SAVE!). Their mission is to make safety training accessible to all, regardless of background or identity.
